Team Involvement in Demonstration

This document records participation during the project demonstration of the Personalized Networking Assistant. This is an individual (solo) project, so all roles were handled by the single team member.

S. No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participati on
1	J.Aasma	Presenter & Developer	Full Demo - Introduction, Event Analysis, Starter Generation, Fact Check, History	Built the entire solution end-to-end and presented all features, explaining the architecture and code	Active

Team Coordination Notes

Team Leader / Coordinator	J.Aasma (solo contributor)
Overall Team Coordination Rating (1-5)	5 (individual project - no coordination overhead)
Any issues during demo	Minor delay due to Gemini API quota limit; fallback templates were used to continue the demo smoothly
How issues were resolved	Switched to the built-in fallback starter templates in topic_generator.py so the demonstration continued without interruption
